

09:00	Registration		Poster session
09:05			
09:10			
09:15			
09:20			
09:25			
09:30			
09:35			
09:40			
09:45	Christian Wolkersdorfer	Welcome & Introduction	
09:50			
09:55			
10:00	Joanna Kulczycka	What companies are asking from researchers	
10:05			
10:10			
10:15	Dave Richards	What PADRE should be providing to INAP	
10:20			
10:25			
10:30	Ferenc Madai	Mine waste and site characterisation research at the University of Miskolc	Waste characterisation
10:35			
10:40			
10:45	Björn Öhlander	Current trends in research on active mining and drainage quality in Sweden	ARD formation & control
10:50			
10:55			
11:00	Dr Devin Sapsford	Acid Rock Drainage Prediction and Treatment Research at the Cardiff	
11:05			
11:10			
11:15	Bastian J. Graupner	Acid Mine Drainage from open pit lignite mines and its impact on the regional water quality in the Lausitz mining district	
11:20			
11:25			
11:30			
11:35			
11:40			
11:45			
11:50			
11:55			
12:00			
12:05			
12:10			
12:15			
12:20			
12:25			
12:30			
12:35			
12:40			
12:45			
12:50			
12:55			
13:00			
13:05	Stoyan N. Groudev	GENERATION AND PREVENTION OF ACID DRAINAGE IN A URANIUM DEPOSIT	ARD Prevention & Mitigation
13:10			
13:15			
13:20	Lotta Sartz	Alkaline by-products to ameliorate oxidized sulphidic mine waste and ARD	
13:25			
13:30			
13:35	Clive Hallett	Novel passive treatment scheme uses limestone and CO2 capture to achieve required metals removal from discharge streams	
13:40			
13:45			
13:50	Dominique Morin	Eco-efficient Management of Water in the Mineral Industry "ECOWAMI" & ETP-SMR	Water Management
13:55			
14:00			
14:05		PANEL DISCUSSION	
14:10			
14:15			
14:20			
14:25			
14:30			
14:35			
14:40			
14:45			
14:50			
14:55			
15:00			
15:05			
15:10			
15:15			
15:20			
15:25			
15:30			
15:35	Election of Executive Council	Introduction of Candidates and Voting	
15:40			
15:45			
15:50			
15:55			
16:00			
16:05	Election Result	Chairperson; Vice-Chairperson-Treasurer; General Secretary; Councilor 1; Councilor 2	
16:10			
16:15	END		Poster Session
