Instructions for the Preparation of Posters

General Information:

The posters will be presented and numbered according to the sequence of their registration and conference topic.

Each poster will be in the size of **0.90 m width and 1.20 m height** (DIN A 0).

The poster number is mounted by the organizers on top of the board.

The **author's name and address and the title of the paper** are to be indicated on the top section of the poster.

Material for attaching the posters and illustrations will be supplied by the organizers.

Neither writing nor painting on the poster board is allowed.

The posters should be **put up latest on Monday, September 15th, 2008 at 1 pm** and **take down** at the end of the conference **on Wednesday, September 17th, 2008 at 5 pm**.

The possibilities to present the posters are **during the Poster session on Tuesday, September 16th, 2008 at 7 pm** and **during lunch and coffee breaks** (see programme). The authors are **expected to present during the Poster Session**.

Preparation of the poster:

As a major guideline it is proposed to make the poster intelligible in itself, even in the absence of the author. It is suggested to divide the contents of each poster into introduction, results and conclusions.

The poster should be legible from distance of 2–3 meters.

Please use colours, symbols and schemes for improved clarify.
